Lisa & Linda Present Singin' Safari. The genius

twins behind Seattle Symphony's Tiny Tots programs are back with their second DVD, and it's a wild one! Kids go on a musical safari through the jungle, encountering critters and unusual instruments (like the didgeridoo and marimbas)

along the way. Fun, infectious music, interspersed with clips of real safari animals, make this a sure bet for tots. \$14.95 (includes an audio CD, too!); Music Shine Media. ■
